This new authorization is effective through March 31, 2029. The Company may repurchase the shares in open market transactions, privately negotiated transactions, or a combination of the foregoing. With \$429 million of cash and short-term investments and no borrowings under our revolving credit facility at the end of fiscal 2024, we have the ability to fund accelerated growth, return capital to shareholders, and pursue unique opportunities as they arise," said Eric van der Valk, President and Chief Executive Officer.
