*National Chain Gives Kids the Gift of Growing up*

HARRISBURG, Pa.--(BUSINESS WIRE)--Aug. 18, 2021-- Ollie's Bargain Outlet, Inc. (Ollie's), one of America's largest chains of discount retail stores, in partnership with Children's Miracle Network Hospitals (CMN Hospitals), raised more than \$627,000 nationwide from June 13 – July 10. As both organizations focus on the importance of healthy communities and children, these record-breaking funds raised at Ollie's locations will stay local and benefit 84 CMN Hospitals.

"We are pleased to break our fundraising record for our CMN Hospitals this summer season," said John Swygert, President and CEO of Ollie's. "The incredible generosity of both our store associates and our customers continues to uphold our longstanding commitment to support nonprofit organizations in the 28 states we call home. Our growing footprint now allows us to support children at 84 local CMN hospitals throughout the communities we serve."

Children's health is an urgent local and global issue impacting the future of our communities and society at large. There is a substantial gap between healthcare funding and the needs of children's hospitals across the U.S., which is why hospitals must rely on donations and community support.

Children's Miracle Network Hospitals is the largest network of children's hospitals in the U.S. and Canada and partners with leading providers of pediatric healthcare with a mission of helping as many kids as possible live healthier lives. Through unrestricted fundraising, local member hospitals are able to fulfill their most urgent needs. Whether that's providing care to children without insurance, investing in research that discovers life-saving treatments and cures, training the next generation of doctors and nurses, or offering families comfort and peace of mind during the most trying moments of their lives, Children's Miracle Network Hospitals' funds are used where they are needed most.
